

## ELECTRONIC WASTE (E-WASTE) DISPOSAL OPTIONS

Cathode Ray Tubes (CRTs) are the screens found in TVs and Computer Monitors. Small Appliances accepted varies from company to company. The most common items accepted are: computer-related items such as mice, keyboards and printers. Some companies accept small office machines, toasters, hair dryers, players and recorders, electronic games and toys and other items that have mercury on-off switches. A few will take microwave ovens. None of these programs take large appliances (washers, refrigerators, etc.). Please call the businesses listed below to confirm availability, hours of operation, and other information.

For questions or additional information, please contact the County of Fresno Public Works & Planning Resources Division at (559) 600-4259.
