REPORT TO CITY COUNCIL

SUBJECT:

SB 1 Project List Designation

RECOMMENDATION:

Staff recommends the City Council approve the SB 1 Project Designation List and adopt Resolution 2017-____, "Designating a Project for the Road Repair and Accountability Act of 2017 and Including the Project in the FY 2017-2018 Budget".

BACKGROUND:

The new Gas Tax Legislation, SB 1, which provides additional funding to the City requires an initial designation for a project to use those funds and annual reporting thereafter.

SB 1 – GAS TAX PROJECT

The Governor signed Senate Bill 1 this year that increased gas taxes paid at the pump to provide additional funding for street maintenance and repairs. The City's portion for this fiscal year is \$86,983.00. The following fiscal year the amount to be received increases to \$260,934.00. In order to receive funding, the city must submit a list of projects proposed to receive funding and have that funding included in the budget. Additionally, the city must report annually how the funds have been spent to the California Transportation Commission.

Since this is the first year and the new taxes not be effective until November 1, the report of the proposed use of funds was due October 16, 2017. Apportionments to the City will begin in mid-January. Projects that are eligible are: 1) Road Maintenance and Rehabilitation, 2) Safety Projects, 3) Complete Street Components (Including Active Transportation, pedestrian and bicycle safety projects and 4) Traffic Control Devices.

Since the portion for this year is relatively small, Staff proposes to use the funds this year to cover a portion of the local match of \$258,000.00 for the Construction of 5th Street east of Academy Avenue.

FISCAL IMPACT:

SB 1 funds is proposed to be used to reduce the City's match for STPL-5252(017).

SUBJECT: First Reading – Ordinance 2017-03 Relating to Marijuana and Cannabis by: (1) Adding Commercial Cannabis Operations and Indoor Cultivation to the Definition of Permitted Uses in the M-1 Zone District, Sections 18.28.010 and 18.28.020, Subject to Specified Limitations; (2) Repealing the City's Existing Regulations Relating to Marijuana Set Forth in Sections 18.04.347 and 18.32.420; and (3) Adding Chapter 18.55 (Section 18.55.010, *et seq.*) Setting Forth the Regulatory Framework for Commercial Cannabis Operations and Personal Use Cultivation (Medical and Recreational/Adult Use)

Background:

During August 2017, the City Council held two workshops to solicit public input regarding whether to permit and regulate a commercial medical marijuana cultivation operation in the City of Parlier. One business that is interested in investing in such an operation in the City (Genezen, LLC) made presentations at the workshops regarding its proposal to purchase two former redevelopment, Successor Agency properties in the City, on which to build indoor, mixed-light cannabis cultivation operations, and to manufacture and distribute medical cannabis only from those facilities to dispensaries permitted in other jurisdictions. Genezen represented that to make the investment worthwhile, it would need to purchase those properties and to be permitted by the City to develop the parcels and to operate the facilities no later than December 31, 2017.

Following the public input, Council directed the City Manager to work with the City Attorney, the City Planner and the City Engineer to prepare any and all documents necessary to: (1) amend the City of Parlier Municipal Code to allow the permitting of such an operation; (2) establish a permitting and regulatory process that addresses the Council's concerns regarding the security and public health and safety of such operations; (3) secure the necessary approvals for the sale and disposition of the Successor Agency properties; (4) ensure that the City is properly compensated for the permitting and regulatory oversight of such operations; and (5) develop and submit to the voters at the next general election a general sales and use tax on medical cannabis cultivation operations in the City.

To accomplish these tasks by the Council's deadlines, the following schedule is proposed:

First Reading:

The Council will hear and consider public testimony, if any, regarding amending the Municipal Code to: (1) add commercial cannabis operations and indoor cultivation to the definition of permitted uses in the M-1 zone district, sections 18.28.010 and 18.28.020, subject to specified limitations; (2) repeal the city's existing regulations relating to marijuana set forth in sections 18.04.347 and 18.32.420; and (3) add chapter 18.55 (section 18.55.010, *et seq.*) setting forth the regulatory framework for commercial cannabis operations and personal use cultivation (medical and recreational/adult use).

Subject/Discussion:

The Municipal Code currently prohibits all marijuana operations in the City. Since passage of that prohibition, California voters passed Proposition 64 allowing for the adult, recreational use of marijuana in a personal residence and clarifying the law regarding the cultivation and use of medical cannabis. Following the passage of Proposition 64 on November 8, 2016, the State legislature has passed two additional bills (SB 94 and AB 133) reconciling and clarifying Proposition 64 and the State licensing regulations related to commercial cannabis operations.

The State intends to begin issuing licenses for commercial cannabis operations beginning January 2, 2018.

In light of these legal and regulatory changes, it is important for the City of Parlier to consider and to update its current ordinance, at least with respect to the personal, adult use of marijuana. In addition, following the public workshops on the topic of whether to permit and regulate a medical cannabis cultivation project in the City, the City would need to amend the Municipal Code to allow such an operation within its jurisdiction. As such, the City Attorney in consultation with the City Manager, the City Planner and the City Engineer has drafted and prepared a proposed ordinance to amend the Municipal Code for these purposes.

The draft ordinance provides that personal-use and commercial-medical cultivation are allowed, provided they occur entirely within a secure, locked, and fully enclosed structure, including a top. The intent of this provision is to avoid public knowledge of marijuana operations. These protections are important to ensure that any problems associated with cultivation, including offensive odors, trespassing, theft, or violent encounters between growers and persons attempting to steal plants, do not occur in the City.

The proposed ordinance requires that personal-use cultivation must occur entirely within a private residence, an attached garage, or in an accessory building if the property is detached, single-family residential. For garages and accessory buildings, the structure must be secure, locked, with a ceiling roof or top, be entirely opaque, and have a monitored security system, including the following:

- Lighting shall not exceed a total of 1200 watts.
- The use of gas products (CO₂, butane, etc.) for medical marijuana cultivation or processing is prohibited.
- The cultivation area shall include a ventilation and filtration system designed to ensure that odors from the cultivation are not detectable beyond the residence, or property line for detached, single-family residential, and designed to prevent mold and moisture and otherwise protect the health and safety of persons residing in the residence and cultivating the marijuana.
- Any chemicals used for cultivation shall be stored outside of the habitable areas of the residence and outside of public view from neighboring properties and public rights of way.
- From a public right of way or an adjacent property, there shall be no exterior evidence of medical marijuana cultivation occurring on the site.

In addition, for residential cultivation, each qualified patient or person with a medical marijuana identification card shall post a copy of the physician recommendation or identification card in a conspicuous place in the cultivation area. For rental properties, regardless of personal- or medical-use cultivation, a copy of the owner's written authorization to cultivate cannabis shall be posted in the same manner.

Regarding commercial, medical cannabis cultivation, the following requirements will be imposed:

- The operation will be required to secure a Regulatory Permit that allows ongoing monitoring of the business and financial operations to protect the public health, safety and welfare, and to ensure that the proper permitting fees are paid.
- Each employee and independent contractor involved in the cultivation, distribution and transportation of the commercial cannabis will have to apply for and be issued an Employee Permit allowing for an extensive criminal background check prior to working in the Commercial Cannabis Operation.
- The operation will not post signage on the exterior of the premises that suggests Commercial Cannabis Operations are occurring in the premises.
- No cannabis or alcoholic beverages will be allowed to be consumed on the premises.
- The retail sales of cannabis on the premises are expressly prohibited and there shall be no public access to the property.
- Special air filtration systems will be required to control odors emanating from the business operations.
- Both the building construction and a state-of-the-art security system will be required to ensure security of the premises.

Recommendation:

That the City Council hear public testimony and consider any proposed changes to draft Ordinance No. 2017-___ on first reading.

Fiscal Impact:

Costs associated with drafting and finalizing (1) the text for land-use changes to accommodate the commercial cultivation/manufacturing of medical marijuana, (2) the parcel Disposition and Development Agreement, (3) reviewing and issuing the regulatory permit, and (4) developing and submitting the general-revenue sales and use tax proposal to the voters will be reimbursed by the applicant. There is no significant adverse impact on the City in going forward with finalizing the text for land use changes and the other activities described.

Alternatives:

None at this time.

ORDINANCE NO. 2017-03

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PARLIER RELATING TO MARIJUANA AND CANNABIS BY: (1) ADDING COMMERCIAL CANNABIS OPERATIONS AND INDOOR CULTIVATION TO THE DEFINITION OF PERMITTED USES IN THE M-1 ZONE DISTRICT, SECTIONS 18.28.010 AND 18.28.020, SUBJECT TO SPECIFIED LIMITATIONS; (2) REPEALING THE CITY'S EXISTING REGULATIONS RELATING TO MARIJUANA SET FORTH IN SECTIONS 18.04.347 AND 18.32.420; AND (3) ADDING CHAPTER 18.55 (SECTION 18.55.010, ET SEQ.) SETTING FORTH THE REGULATORY FRAMEWORK FOR COMMERCIAL CANNABIS OPERATIONS AND PERSONAL USE CULTIVATION (MEDICAL AND RECREATIONAL/ADULT USE)

THE CITY COUNCIL OF THE CITY OF PARLIER DOES ORDAIN AS FOLLOWS:

SECTION 1. FINDINGS.

1. State Law Findings.

a. In 1996, with the adoption of Proposition 215, the California voters approved the "Compassionate Use Act" (Health and Safety Code Section 11362.5) to ensure that seriously ill Californians have the right to obtain and use marijuana for medical purposes where that medical use is deemed appropriate and has been recommended by a physician, without fear of criminal prosecution under limited, specified circumstances.

b. In 2004, the State Legislature enacted SB 420 to clarify the scope of the Compassionate Use Act and provide additional statutory guidance regarding medical marijuana use. These statutes are codified at Health and Safety Code § 11362.7, *et seq.*, and allow cities and counties to adopt supplemental rules and regulations.

c. On October 9, 2015, almost 20 years after passage of the Compassionate Use Act, the Governor signed the "Medical Marijuana Regulation and Safety Act" ("MMRSA"), comprised of California legislative bills AB 243, AB 266, and SB 643. MMRSA created a comprehensive state licensing system for the commercial cultivation, manufacture, retail sale, transport, distribution, delivery, and testing of medical cannabis, all subject to local control. One of the purposes of MMRSA was to ensure uniformity among jurisdictions that wished to allow commercial marijuana operations.

d. On June 27, 2016, the Governor signed SB 837, effective immediately, changing the terms in MMRSA from "medical marijuana" or "marijuana" to "medical cannabis" or "cannabis," and making other technical changes (now called "MCRSA"). SB 837 also adopted regulations relating to the use and diversion of water in connection with the cultivation of cannabis.

e. On November 8, 2016, the California voters approved the "Adult Use of Marijuana Act" ("AUMA"). The purpose of AUMA is to establish a comprehensive system to

legalize, control and regulate the cultivation, processing, manufacture, distribution, testing, and sale of non-medical marijuana, including marijuana products. Adults, age 21 and older, are allowed to possess marijuana and grow certain amounts at home for personal use.

f. On June 27, 2017, the Governor signed SB 94, effective immediately, to consolidate and reconcile MCRSA and AUMA into a single regulatory system. SB 94 repealed MCRSA and created the Medicinal and Adult Use Cannabis Regulation and Safety Act (“MAUCRSA”).

g. On September 16, 2017, the Governor signed AB 133, effective immediately, making changes to MAUCRSA.

h. State regulatory agencies are currently working on emergency and permanent regulations to implement MAUCRSA so that the State licenses may be issued beginning January 1, 2018.

2. City of Parlier Marijuana Regulatory History.

a. In 2009, the City of Parlier adopted an express ban on medical marijuana dispensaries, as reflected in Sections 18.04.347 and 18.32.420 of the Municipal Code. The City also prohibited marijuana cultivation except as allowed through State-authorized collectives and cooperatives.

b. At the time the City adopted the dispensary ban and cultivation limitation, the issue of other commercial marijuana operations, such as manufacturing, testing and distribution, were not considered an area of concern in need of regulation. Now, with the adoption of MCRSA, AUMA, and MAUCRSA, these other commercial marijuana operations are imminent.

c. Since adoption of MCRSA and AUMA, there have been numerous inquiries from individuals and entities, both from within and outside the City of Parlier, about what is permissible in the City of Parlier. Clear guidance is required in the City’s Municipal Code so there is no ambiguity.

d. The City of Parlier has identified a number of health, safety, and welfare concerns associated with marijuana activities, which have been exemplified throughout Fresno County, the region, and the State as evidenced by numerous area agency police reports and news articles and stories. The numerous health, safety, and welfare concerns associated with unregulated marijuana operations include, among others, home drug labs, offensive odors, trespassing, theft, violent encounters between growers and persons attempting to steal plants, fire hazards, problems associated with mold, fungus, and pests, and environmental contamination.

e. Under MCRSA, AUMA, and now MAUCRSA, the City retains its police powers and land-use authority to regulate or ban marijuana activities, including commercial cannabis operations, cultivation, distribution and consumption for the health, safety, and welfare of the citizens of the City of Parlier.

f. To the extent the City is required to allow the personal-use cultivation of medical and adult use marijuana, and to the extent the City desires to allow limited commercial cannabis operations, the City finds that, in the absence of a formal regulatory framework, the adverse impacts frequently associated with these activities will occur, resulting in an unregulated and potentially significant negative impact upon the environment and upon the public health, safety, and welfare of the community.

3. Existing Zoning Findings.

A review of the existing zoning ordinance revealed that the list of permitted uses in the M-1 zone also needs to be clarified to include indoor cultivation of crops other than cannabis and to reorganize the list alphabetically for ease and convenience of use and understanding. This ordinance will accomplish those ministerial changes as well.

- b. Violates any provision of this Section, the Act, or any other applicable law relating to the Cannabis Operation.
- c. Violates or fails to comply with the terms and conditions of the Employee Permit.

(3) *Procedures for Revoking Regulatory Permits.* For Regulatory Permits, the procedures for revoking conditional use permits shall be utilized, except that the matter shall be heard by the City Council in the first instance.

(4) *Procedures for Revoking Employee Permits.* Prior to suspension or revocation of an Employee Permit, the Police Chief shall conduct a hearing. Written notice of the time and place of such hearing shall be served upon the permittee at least five (5) calendar days prior to the date set for such hearing. The notice shall contain a brief statement of the grounds to be relied upon for revoking or suspending the permit. Notice may be given either by personal delivery or by certified U.S. mail, postage prepaid to the last known address. Any permittee aggrieved by the decision of the Police Chief to suspend or revoke an Employee Permit shall have no appeal rights and the Police Chief's decision shall be final, subject to judicial review as set forth in this section.

(5) *Immediate Suspension.* The Police Chief may immediately suspend or revoke a Regulatory Permit or an Employee Permit without notice or a hearing, subject to the appeal rights set forth herein, under the following circumstances:

- a. The Business Owner, Operator or Responsible Party is convicted of a public offense in any court for the violation of any law which relates to the Cannabis Operation, or in the case of an Employee Permit, the employee is convicted of a public offense in any court for the violation of any law which relates to the permit.
- b. The Police Chief determines that immediate suspension is necessary to protect the public health, safety, and welfare of the community. The Police Chief shall articulate

the grounds for the immediate suspension in writing and the suspension shall only be for as long as necessary to address the circumstances which led to the immediate suspension.

N. *Effect of Denial or Revocation.* When the City Council shall have denied or revoked a Regulatory Permit, or the Police Chief shall have denied or revoked an Employee Permit, no new application for a Regulatory Permit or an Employee Permit shall be accepted and no Regulatory Permit or Employee Permit shall be issued to such person or to any corporation in which he or she shall have any beneficial interest for a period of one (1) year after the action denying or revoking the Regulatory Permit or Employee Permit.

O. *Abandonment.* A Regulatory Permit shall be deemed abandoned if Commercial Cannabis Operations cease for a period of more than ninety (90) consecutive days. Before restarting operations, a new Regulatory Permit shall be secured. The 90-day period shall be tolled during periods of force majeure, which shall be defined as follows: war; insurrection; strikes; lock-outs; riots; floods; earthquakes; fires; casualties; supernatural causes; acts of the "public enemy"; epidemics; quarantine restrictions; freight embargoes; lack of transportation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor, subcontractor or supplier; or any other causes beyond the reasonable control of the permittee.

P. *Fees and Taxes.* All Commercial Cannabis Operations shall pay applicable fees and taxes, which may include one or more of the following.

(1) *Business License Fee.* The Business Owner shall at all times maintain a current and valid business certificate and pay all business taxes required by Title 5, Chapter 5.04, of the Parlier Municipal Code pertaining to Business Licensing.

(2) *Regulatory License Fee.* The Business Owner shall pay an annual regulatory license fee ("Regulatory Fee") to cover the costs of anticipated enforcement relating to the Cannabis Operation. The amount of the fee shall be set by Resolution of the City Council and be supported by the estimated additional costs of enforcement and monitoring associated with the Cannabis Operation. The Regulatory Fee shall be due and payable prior to opening for business and thereafter on or before the anniversary date. The Regulatory Fee may be amended from time to time based upon actual costs.

(3) *Revenue Raising Fee.* An annual revenue raising fee ("Revenue Raising Fee") for the privilege of having the right to operate in the City.

- a. *Revenue Raising Fee Finding.* The City Council specifically finds that it is approving this Ordinance allowing Commercial Cannabis Operations to operate in the City with the express understanding that the business will pay the Revenue Raising Fee to the City as set forth herein, and that without the Revenue Raising Fee, the City Council would not have adopted this Ordinance allowing Commercial Cannabis Operations to operate in the City. By opening a Commercial Cannabis Operation in the City, the Premise Owner, Business Owner, Operator, and all Responsible Parties agree that, if the Revenue Raising

Fee is challenged by any one of them or a third party and set aside, the business must cease operation.

- b. *Amount of Fee and Terms of Payment.* The Revenue Raising Fee shall be an annual fee of _____ (\$____.00) per square foot for the first 3,000 square feet and _____ dollars (\$____.00) per square foot for the remaining space utilized in connection with each Commercial Cannabis Operation. The square footage calculation shall be determined by including all portions of the Premises under the control of the Business Owner and deducting therefrom driveways, sidewalks, landscaping, vacant unused space, areas used exclusively for office space, employee break rooms, restrooms, and storage space unrelated to the Commercial Cannabis Operation (such as a janitorial closet).

In addition to the foregoing, for cultivation operations, the total under-canopy square footage shall be included in the square footage calculation.

If more than one Commercial Cannabis Operation operates on the Premises, whether within a single building or multiple buildings, each Regulatory Permit holder shall be responsible for paying the Revenue Raising Fee. The Revenue Raising Fee shall be payable in advance, in not less than quarterly installments, with the first quarterly payment due prior to issuance of a certificate of occupancy. The first payment shall not be prorated, and in no event shall the first payment be less than the equivalent of one full quarterly payment. All quarterly payments shall be received by the City before the end of the quarter.

- c. *Alternative Voter-Approved Tax.* If the voters of the City approve a tax on Commercial Cannabis Operations, the Business Owner shall pay that tax in lieu of the Revenue Raising Fee, once the City begins to collect the tax revenue.

Q. *Recordkeeping.* The Responsible Party shall make and maintain complete, accurate, and legible records of the permitted Commercial Cannabis Operations evidencing compliance with the requirements of this section. Those records shall be maintained for a minimum of five (5) years.

R. *Inspection.* Commercial Cannabis Operations shall be open for inspection by any City law enforcement officer, City code enforcement officer, or City financial auditor or their designees at any time the Commercial Cannabis Operation is operating, at any other time upon responding to a call for service related to the property where the Commercial Cannabis Operations is occurring, or otherwise upon reasonable notice. Recordings made by security cameras at any Cannabis Operation shall be made immediately available to the Police Chief upon verbal request. No search warrant or subpoena shall be needed to view the recorded materials.

S. *Indemnification.* In authorizing Commercial Cannabis Operations under this section, the City makes no guarantees or promises as to the lawfulness of the approved activity under State or federal law, and the Business Owner, Operator and all Responsible Parties are obligated to comply with all applicable laws and regulations. To the fullest extent permitted by law, the City

shall not assume any liability whatsoever with respect to the adoption of this Ordinance or the operation of any Commercial Cannabis Operation approved pursuant to this Ordinance, or under State or federal law. The Business Owner, Operator and all Responsible Parties shall defend, hold harmless, release, and indemnify the City, its agents, officers, and employees, from any liability associated with the approved use or adverse determinations made by the State or federal government. An adverse determination could include cessation of operations.

The Business Owner agrees to reimburse the City for any court costs and attorney fees that the City may be required to pay as a result of any legal challenge related to Commercial Cannabis Operations operating under the authority of this Ordinance. The City may, at its sole discretion, participate at its own expense in the defense of any such action, but such participation shall not relieve the permittee of its obligation hereunder.

If requested by the City Attorney, the Business Owner shall execute an agreement memorializing the requirements of this subsection.

18.55.080 - Regulations Applicable to the Consumption of Marijuana.

No person shall smoke, ingest, or otherwise consume marijuana or marijuana products, whether recreational or medical, in the City of Parlier, unless such smoking, ingesting or consumption occurs entirely within a private residence. "Within a private residence" shall mean inside habitable areas and shall not include garages, whether attached or detached, and other accessory buildings, unless those buildings are at all times fully enclosed during the consumption.

Medical marijuana may also be consumed within a clinic, healthcare facility, residential care facility, or residential hospice licensed pursuant to applicable provisions of the California Health and Safety Code.

All consumption shall be done in a manner so as to not cause a nuisance to nearby residents with noxious odors or other adverse health and safety impacts.

18.55.090 - Penalties and Enforcement.

The following remedies shall apply for violations of this Chapter:

A. Violations for conduct that is not otherwise considered lawful under State law, shall be considered misdemeanors and are punishable in accordance with Chapter 1.16 of the Municipal Code. Each and every day, or portion thereof, that a violation exists is a separate offense.

Should a court of competent jurisdiction subsequently determine that the criminal penalty provision renders this Chapter unlawful, the City intends that the misdemeanor provision be severable from the remaining penalty provisions and the City will only pursue non-criminal remedies for violations of this Chapter.

B. The City may also pursue all applicable civil and administrative remedies, including but not limited to injunctive relief and administrative citations.

(1) Any use or condition caused or permitted to exist in violation of any of the provisions of this Chapter shall be and is hereby declared a public nuisance and may be summarily abated by the City pursuant to the City of Parlier Municipal Code.

(2) The violation of any provision of this Chapter shall be and is hereby declared to be contrary to the public interest and shall, at the discretion of City, create a cause of action for injunctive relief.

C. Any person who violates the provisions of this Chapter may be subject to an administrative fine of up to one thousand dollars (\$1000.00) for each violation and for each day the violation continues to persist.

18.55.100 - Severability.

The provisions of this Chapter are hereby declared to be severable. If any provision, clause, word, sentence, or paragraph of this Chapter, or of the Regulatory Permit issued pursuant to this Chapter, or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions of this Chapter or of any Regulatory Permit issued pursuant hereto.

18.55.110 - Judicial Review.

Judicial review of a decision made under this Chapter may be had by filing a petition for a writ of mandate with the Superior Court in accordance with the provisions of the California Code of Civil Procedure Section 1094.5. Any such petition shall be filed within ninety (90) days after the day the decision becomes final, as provided in California Code of Civil Procedure Section 1994.6, which shall apply for such actions.
