MEETING DATE: 12/01/2022

DEPARTMENT:

REPORT TO THE CITY COUNCIL

SUBJECT:

Presentation Concerning Conduct of City Council Members and of the Public During City Council Meetings.

DISCUSSION:

The City of Parlier was formed in November 1921. The reason it was formed November 1921 is because Parlier, like all cities was formed by placing certain questions before the voters, including whether Parlier should be formed as a city, which obviously passed. In addition to voting yes on the proposition of whether Parlier should be formed as a city, the voters also approved a proposition that established the manner in which its City Council would be structured. The structure approved by the voters was a City Council consisting of five members. Four members are to be elected districts (and in 1921 the voters necessarily also approved a map of those districts) and the Mayor is to be elected at large. Because of that, the City of Parlier has an "elective" Mayor, a position that is addressed at length by State statute. Most importantly, for purposes of how meetings are conducted, statute provides that the "Mayor shall preside at the meetings of the Council".

In addition to adopting the structure of the City government, voters approved a series of ordinances, none of which can be changed, altered or amended by the City Council unless that is done in conformity with a statute that operates on the ordinance. ¹

Section 2.04.070, adopted in 1921, sets the "order of business". Subdivisions (B) and (C) of that section read as follows:

¹ The ordinances mentioned in this memorandum were all adopted in 1921 which means it is impossible for the Council to have adopted the ordinance and it must have been submitted to the voters for approval. There simply is not a sufficient number of days between the date of the City's formation and the beginning of 1922. Once statute that allows changes to ordinances adopted by the voters is the one that prescribes the compensation of the Mayor and members of the City Council and which provides that the amounts payable as compensation can be adjusted according to the Consumer Price Index. This is literally the only ordinance adopted in 1921 that has been changed.

- "B. Any citizen may arise and address the Council on any business specially concerning them or affecting their interest, but preference will be given to those who have first presented matters in the form of a written communication or who have personally notified the Mayor of the Council of their desire to speak.
- C. The members of the Council shall remain seated while participating in discussions and at all times during any meeting they shall address their remarks to the Mayor and to other members of the Council, and not to the citizens who may happen to be in attendance. This provision, while still in effect, has been modified slightly by the Brown Act which requires the Council to take public comment on any matter within the subject matter jurisdiction of the City Council at, or very near, the beginning of the meeting. Accordingly, members of the public who wish to speak on such matters are not limited to citizens of the City and apply to any person who is a member of the public; but, that is the only adjustment made to this ordinance made by any statute anywhere. There is nothing in the Brown Act that allows members of the Council to address remarks to members of the public that happen to be in attendance and under the ordinance, remarks shall be addressed to the Mayor and members of the Council. That provision is consistent with the Brown Act, because it is simply a method by which order is established for City Council meetings."

Section 2.04.110 provides that the "proceedings of the Council shall be governed under Roberts Rule of Order on all matters pertaining to parliamentary law, but no ordinance, resolution, proceeding or other action of the Council shall be invalidated or the legality thereof otherwise affected by failure or omission to observe or follow said rules.

Roberts Rules of Order are lengthy, detailed provisions relating to parliamentary procedure which, by virtue of this ordinance, plainly regulates the conduct of every Council member. A brief summary of those rules is attached. Among other things, Roberts Rules of Order provide for an orderly procedure for considering any matter on the Council's agenda, and which requires that any member be recognized by the Mayor before he or she speaks. The Mayor is required to allow each council member who wishes to, to speak on an item that appears on the agenda. Roberts Rules of Order simply provide that Council members shall speak when recognized by the Mayor so that two persons are not speaking at any given time. Robers Rules of Order further prohibits every member of the Council from interrupting any other member who shall be allowed to make his or her comments and there is an orderly procedure.

Asking questions does not amount to any comment or statement and Council members are free, once they alert the Mayor, that they wish to question someone, typically staff, on any matter to proceed with that question until it is through.

Lastly, and most importantly, the City Section 2.04.080 regulates the conduct of members and of members of the public during meetings. It provides:

"Any member or other person using profane, vulgar, loud or boisterous language at any meeting, or otherwise interrupting the proceedings, or refuses to be seated or keep quiet when ordered to do so by the Mayor . . . shall be guilty of a misdemeanor punishable as specified in Section 1.16.010 of this Code. It shall be the duty of the Chief of Police, upon order of the presiding officer, to eject any such member or person from the Council room."

This is another ordinance adopted in 1921 and the intent of the voters is obvious. The voters intended this City Council to conduct itself in an orderly fashion and to vest in the Mayor the power to enforce that order by removing any Council person or member of the public from the meeting room. The Section also provides that it shall be the duty of the Chief of Police, upon order of the presiding officer to eject any such member or person from the Council room.

Members of the public simply are not allowed to yell from their seats to the Council or any specific Council person. Members of the public, and the Council members, are to refrain from using profane, vulgar, loud or boisterous language or otherwise "interrupting" the proceedings, which simply means talking over a Council member or a member of the public who has the floor and has been recognized by the Mayor.

CONCLUSION:

Given the occurrences at recent meetings, which always involve more than one person talking at any given time, therefore interrupting, I wanted to remind the Council of the rules that it is bound to observe. The Mayor and only the Mayor is the enforcer of those rules. Members of the public should be aware that violation of this ordinance can result in removal of the person from the meeting room and/or the citation of that person for commission of a misdemeanor.

Neal E. Costanzo, City Attorney
